Invited Tutorial Speakers

John Erickson, Stephen N. Freund and Madan Musuvathi on Dynamic analysis of concurrency
Cristian Cadar and Koushik Sen on Symbolic execution

Programme committee

Howard Barringer University of Manchester
Saddek Bensalem VERIMAG
Eric Bodden EC SPRIDE
Cristian Cadar Imperial College
Yiannis Falcoune University of Grenoble
Bernd Finkbeiner Saarland University
Stephen Freund Williams College
Ganesh Gopalakrishnan University of Utah
Wolfgang Grieskamp Google
Sylvain Hallé Université du Québec à Chicoutimi
Klaus Havelund NASA Jet Propulsion Laboratory
Suresh Jagannathan Purdue University
Sarfraz Khurshid University of Texas at Austin
Martin Leucker University of Luebeck
Benjamin Livshits Microsoft Research
Shan Lu University of Wisconsin
Rupak Majumdar MPI-SWS
Oded Maler VERIMAG
Sharad Malik Princeton University
Atif Memon University of Maryland
Peter M"uller ETH Zurich
Shaz Qadeer Microsoft Research
Venkatesh-Prasad Ranganath Microsoft Research
Vivek Saran Rice University
Koushik Sen University of California at Berkeley
Oleg Sokolsky University of Pennsylvania
Serdar Tasiran Koc University
Stavros Tripakis University of California at Berkeley
Martin Vechev ETH Zurich
Willems Visscher Stellenbosch University
Zheng Zhang Microsoft Research

General chair
Serdar Tasiran Koc University

Programme chair
Shaz Qadeer Microsoft Research
